THE ANNUAL GENERAL MEETING

Who can vote

AKITA has Class A Non-Voting Shares and Class B Common Shares. The Class B Common Shares are the only shares entitled to be voted at the Meeting. Each Class B Common Share you own as of the close of business on March 20, 2016, entitles you to one vote. The holders of the Class A Non-Voting Shares are invited to attend and participate in discussions at shareholder meetings, but are not entitled to vote.

Share ownership rights

Each Class B Common Share may be converted into one Class A Non-Voting Share at the holder's option.

The holders of Class A Non-Voting Shares have no right to participate if a takeover bid is made for Class B Common Shares unless:

- * an offer to purchase Class B Common Shares is made to all or substantially all holders of Class B Common Shares;
- * at the same time an offer to purchase Class A Non-Voting Shares on the same terms and conditions is not made to the holders of Class A Non-Voting Shares; and
- * holders of more than 50% of the Class B Common Shares do not reject the offer in accordance with the terms of AKITA's articles of incorporation.

If these three pre-conditions are met, then the holders of Class A Non-Voting Shares will be entitled to exchange each Class A Non-Voting Share for one Class B Common Share for the purpose of depositing the resulting Class B Common Shares pursuant to the terms of the takeover bid.

The Class A Non-Voting Shares and Class B Common Shares rank equally in all other respects.

Principal Shareholder

As at March 3, 2016, there were 1,653,784 Class B Common Shares outstanding. To the knowledge of the directors and officers of the Company, the only person who beneficially owns, or controls or directs, directly or indirectly, 10% or more of the Class B Common Shares is the Estate of Mr. Ronald D. Southern. Mrs. Margaret Southern, Ms. Nancy Southern and Ms. Linda Southern-Heathcott are the executors of the Estate of Mr. Southern. All actions regarding the Class B Common Shares require the approval of a majority of the executors.

The Estate of Mr. Southern owns 1,428,790 Class B Common Shares, which at March 3, 2016 represented 86.4% of the Class B Common Shares. The Estate of Mr. Southern is also the controlling share owner of Sentgraf Enterprises Ltd., ("Sentgraf"). Sentgraf owns 4,506,277 Class A Non-Voting Shares of the Company, which at March 3, 2016 represented 27.6% of the Class A Non-Voting Shares outstanding. Collectively, these shareholdings represented 33.0% of the total outstanding equity ownership in the Company at such date.

Questions and answers on proxy voting

Am I entitled to vote?

You are entitled to vote if you were a holder of Class B Common Shares at the close of business on March 20, 2016. Each Class B Common Share entitles its holder to one vote.

What will I be voting on?

You are voting on the following matters that are to be addressed at the Meeting:

- the election of each of nine directors to AKITA's Board of Directors; and
- the appointment of the auditor.

How will these matters be decided at the Meeting?

A simple majority of the votes cast, in person or by proxy, will constitute approval of these matters.

If I give my proxy, how will my shares be voted?

The shares represented by your proxy will be voted as you have instructed. If you properly complete and return your form of proxy but do not specify how you wish the votes cast, your shares will be voted as your proxyholder sees fit.

If neither you nor your proxyholder gives specific instructions, your shares will be voted as follows:

- **FOR the election as directors of each of those nominees set out in the Management Information Circular; and**
- **FOR the appointment of PricewaterhouseCoopers LLP as AKITA's auditor.**

What if amendments are made to these matters or if other matters are brought before the Meeting?

The persons named in the form of proxy will have discretionary authority to vote on amendments or variations to matters identified in the notice of the Meeting, and on other matters which may properly come before the Meeting. If any matters which are not known should properly come before the Meeting, the persons named in the enclosed form of proxy will vote on such matters in accordance with their best judgment.

As of the date of this Management Information Circular, management is not aware of any amendments or other matters expected to come before the Meeting.

How do I contact the transfer agent?

Questions may be directed to our transfer agent, CST Trust Company, at www.canstockta.com or inquiries@canstockta.com, by fax at 1 (888) 249-6189, or by telephone:

Within Canada and the U.S.:
1 (800) 387-0825

In the Toronto area, or from any other country:
(416) 682-3860

How do I vote if I am a registered shareholder?

1. Voting by proxy

You are a registered shareholder if your name appears on your share certificate. If this is the case, **you have the right to appoint someone else to represent you as proxyholder and vote your shares at the Meeting. If you wish to appoint a person or company other than those named in the enclosed form of proxy, then strike out the printed names appearing on the form of proxy and insert the name of your chosen proxyholder in the space provided. Your proxyholder need not be an AKITA shareholder. Complete your voting instructions, date and sign the form, and return it to CST Trust Company as instructed.**

It is important for you to ensure that any other person you appoint as your proxyholder will attend the Meeting and is aware that his or her appointment has been made to vote your shares. If your appointed proxyholder does not attend the Meeting in person, your shares will not be voted. Proxyholders should, on arrival at the Meeting, present themselves to a representative of CST Trust Company.

2. What if my shares are registered in more than one name?

If the shares are registered in more than one name, all those persons in whose name the shares are registered must sign the form of proxy.

3. How do I vote shares registered in the name of a corporation or in a name other than my own?

If the shares are registered in the name of a corporation or any name other than your own, you should provide documentation that proves you are authorized to sign the form of proxy on behalf of that company or name. If you have any questions as to what supporting documentation is required, contact CST Trust Company prior to submitting your form of proxy. These shares cannot be voted by telephone or via the internet.

4. What if I plan to attend the Meeting and vote in person?

If you plan to attend the Meeting on May 10, 2016, and vote your shares in person at the Meeting, you do not need to complete and return the form of proxy. Please register with the transfer agent, CST Trust Company, upon arrival at the Meeting. Your vote will be recorded and counted at the Meeting.

5. Can I vote by telephone?

Yes, provided your shares are not registered in the name of a corporation or any name other than your own. You can vote by telephone using the toll free number 1 (888) 489-5760 and following the voice prompts. You will need to enter the 13 digit Control Number located in the lower left-hand corner on the reverse of the enclosed form of proxy in order to enter your voting instructions. All required information must be entered before 5:00 p.m. Eastern Daylight Time on May 6, 2016. If you vote by telephone, you cannot appoint anyone other than the Chair of the Board as named on your proxy form as your proxyholder.

6. Can I vote online?

Yes, provided your shares are not registered in the name of a corporation or any name other than your own. Access www.cstvotemyproxy.com and follow the instructions provided. You will need to enter the 13 digit Control Number located in the lower left-hand corner on the reverse of the enclosed form of proxy in order to enter your voting instructions. All required information must be entered before 5:00 p.m. Eastern Daylight Time on May 6, 2016. You may appoint anyone as a proxyholder using this internet address.

7. Can I vote by fax?

Yes. Fax **both sides** of your properly completed form of proxy to CST Trust Company at 1 (866) 781-3111 (from within Canada and the U.S.) or (416) 368-2502 (from outside North America). All required information must be received before 5:00 p.m. Eastern Daylight Time on May 6, 2016.

8. Can I vote by e-mail?

Yes. Scan and e-mail **both sides** of your properly completed form of proxy to CST Trust Company at proxy@canstockta.com. All required information must be received before 5:00 p.m. Eastern Daylight Time on May 6, 2016.

9. Who votes my shares if I sign a form of proxy?

By signing the enclosed form of proxy you are authorizing Karl A. Ruud, President and Chief Executive Officer, or Colin A. Dease, Corporate Secretary, to vote your shares at the Meeting.

10. Where do I send my completed form of proxy?

Please return your properly completed form of proxy to our transfer agent in the postage paid envelope provided or mail it to CST Trust Company, Attention: Proxy Department, P.O. Box 721, Agincourt, Ontario M1S 0A1. To ensure your vote is recorded, your completed form of proxy must reach the transfer agent no later than 5:00 p.m. Eastern Daylight Time on May 6, 2016.

11. Can I change my mind once I have submitted my vote to the Company?

Yes, you can complete another form of proxy in the manner and time specified on the form of proxy. The later-dated form of proxy will replace the one submitted earlier. You can also revoke your proxy by preparing a written statement to this effect. The statement must be signed by you or your attorney as authorized in writing. If the shareholder is a corporation it must be signed by a duly authorized officer or attorney of the corporation. This statement should be delivered to:

- AKITA's Corporate Secretary at either CST Trust Company, Attention: Proxy Department, P.O. Box 721, Agincourt, Ontario, M1S 0A1 or the registered office of the Company at 1000, 333 - 7th Avenue S.W., Calgary, Alberta T2P 2Z1 at any time up to and including the last business day preceding the day of the Meeting or any adjournment of the Meeting; or
- the Chair of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment of the Meeting.

How do I vote if my shares are not registered in my name?

If you are a **non-registered shareholder**, your shares are held in the name of a nominee (usually a bank, broker, or trust company). You should have received a request for voting instructions from your nominee with this Management Information Circular.

If you wish to vote in person at the Meeting, insert your own name in the space provided on the voting instruction form and return it by following the instructions provided. Please register with AKITA's transfer agent, CST Trust Company, upon arrival at the Meeting.

If you do not intend to attend the Meeting in person, follow the instructions on your voting instruction form to vote by telephone, internet or fax, or complete, sign and mail the voting instruction form in the postage prepaid envelope provided.

What if I want to change my vote?

If you are a non-registered shareholder, you should contact your nominee for instructions on how to revoke your voting instructions.

Business of the Meeting

Financial statements

AKITA's consolidated financial statements for the year ended December 31, 2015, together with the auditor's report have been filed with the Canadian securities regulatory authorities and have been sent to the registered shareholders and to those beneficial shareholders who requested them. The statements are also available on the Company's website at www.akita-drilling.com and on SEDAR at www.sedar.com. The consolidated financial statements will be reviewed at the Meeting and you will have the opportunity to discuss the results with management.

Election of directors

At the Meeting, it is proposed that nine directors be elected until the next annual meeting or until their successors are elected or appointed. The term of office for each director will expire at the close of the next annual meeting of shareholders of the Company. Management does not contemplate that any of such persons will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, proxies will not be voted with respect to such vacancy. The nine nominees proposed for election as directors of AKITA are listed beginning on page 12. All of the proposed nominees are currently AKITA Directors.

The Board recommends that shareholders vote FOR the election of each of these nine nominees. If you do not specify on the proxy form how you want to vote your shares and you do not appoint a proxyholder, the persons named in the form will vote FOR the election of these nominees.

Position on majority voting

The Toronto Stock Exchange Company manual generally requires TSX listed issuers to adopt a majority voting policy for uncontested director elections. A majority voting policy typically requires that any nominee for director of an issuer who receives a greater number of votes "withheld" than "for" their election, must tender their resignation for consideration by the board.

AKITA is a majority controlled company as defined in the TSX Company Manual, with the Estate of Ronald D. Southern in combination with its controlling interest in Sentgraf controlling 86.4% of the outstanding Class B Common Shares. As a majority controlled company, AKITA is not subject to the general requirement to adopt a majority voting policy for uncontested director elections, and the Company has not adopted a policy. In the case of a majority controlled company, AKITA is of the view that a majority voting policy would not be effective, as the controlling shareholder can still effect the election of directors with its votes and the implementation of such a policy would not result in any meaningful change to the outcome of director elections, and could create confusion or uncertainty for shareholders, as well as introducing unnecessary complexity into the director election process.

At the Meeting, the director nominees will be voted on individually by proxy and in person and the voting results for each nominee will be publicly disclosed in a news release on SEDAR (www.sedar.com).

Appointment of auditors

The Board, on the recommendation of the Audit Committee, proposes that PricewaterhouseCoopers LLP (“PwC”) be appointed as auditor to hold office until the next annual meeting of shareholders. PwC and its predecessor firm, Price Waterhouse LLP, has been AKITA’s auditor since the Company’s inception. Representatives of PwC plan to attend the Meeting and will be available to answer your questions.

The Board recommends that shareholders vote FOR the appointment of PwC as auditor. If you do not specify on the proxy form how you want to vote your shares and you do not appoint a proxyholder, the persons named in the form will vote FOR the appointment of PwC.

Director nominees

As of the date of this Management Information Circular, there are ten directors on the Board. After ten years of dedicated board service, however, Arthur C. Eastly will be retiring from the Board and will not stand for election at the Meeting. Accordingly, nine of the ten directors serving as of the date of this Management Information Circular have been nominated for a further one-year term. Upon election, each director will hold office until the next annual meeting of shareholders or until a successor is elected or appointed.

The Chair, together with members of the Board, is responsible for identifying potential candidates for nomination to the Board. The recommendation of potential Board members is undertaken with a view to ensuring overall diversity of experience, backgrounds and skills of Board members. The Corporate Governance, Nomination, Compensation and Succession Committee (“GOCOM”) receives advice from the Board regarding individuals best suited to serve as directors, and maintains its own standing list of appropriate candidates for directorships. GOCOM has reviewed each of the nominees and determined that they have the necessary skills and experience to satisfy the Board composition requirements.

The director biographies on pages 12 to 20 highlight the specific experience and attributes of each nominated director. The biographies include the following information as at March 3, 2016:

- Name;
- Age;
- Residency;
- Independence status;
- Principal occupation or employment;
- Business experience and directorships;
- Areas of skills and experience;
- Positions and offices held;
- Board and Committee meeting attendance;
- Shareholdings; and
- Total compensation.

Additional detailed information on director independence, attendance, equity at risk and compensation is provided in separate tables.

Director independence

GOCOM and the Board of Directors annually review the status of each director to determine whether they are independent based on the criteria of the Canadian Securities Administrators as set out in National Instrument 52-110 - Audit Committees ("NI 52-110"). In 2015, this review included the completion of self-assessment questionnaires by each of the directors and a detailed review of such questionnaires by the Company.

In determining the independence of the members of the Board, the following criteria are assessed:

- Direct or indirect material relationships with AKITA which could interfere with the exercise of independent judgment;
- Employment by, or other relationship with, AKITA or its external auditor, in which case the member will be deemed not independent until the prescribed period of three years has elapsed since the end of the service;
- Immediate family member relationships with AKITA employees or its external auditor; and
- Any payment of fees by AKITA of more than \$75,000, exclusive of Board fees, during any 12-month period within the last three years to the member or to a member of their immediate family who is an executive officer of the Company.

As deemed necessary, the Board conducts meetings or portions of meetings without the presence of senior management in order to promote candid discussion. Individual directors, Committees and the full Board are entitled to engage outside advisors from time to time as they deem necessary, at the Company's expense, subject to the approval of GOCOM.

The following table summarizes the independence status of each director nominee of the Board and, where applicable, the reasons for the Board's determination that a particular director is not independent.

Director	Independent	Not independent	Reason for non-Independent status
Loraine M. Charlton	√		
Linda A. Southern-Heathcott		√	As Chair of the Board, has a material relationship with the Company.
Harish K. Mohan	√		
Dale R. Richardson		√	As executive officer of Sentgraf Enterprises Ltd., which is the controlling shareholder of the Company, has a material relationship with the Company.
Karl A. Ruud		√	As President & Chief Executive Officer, has a material relationship with the Company.
Nancy C. Southern		√	As an immediate family member of the Chair of the Board, has a material relationship with the Company.
C. Perry Spitznagel		√	As a partner in a law firm that is the Company's legal counsel and as a director of Sentgraf Enterprises Ltd., which is the controlling shareholder of the Company, has a material relationship with the Company.
Henry G. Wilmot	√		
Charles W. Wilson	√		

Five of the nine proposed directors are not considered independent directors within the meaning of NI 52-110. Although these individuals are not considered to be independent directors under NI 52-110, these directors, like all directors, are required by law at all times to act in good faith with a view to the best interests of the Company and its shareholders. As is the case with the Company's independent directors, these directors are sensitive to conflicts of interest and excuse themselves from deliberations and voting in the appropriate circumstances. Their extensive knowledge of the Company's business is extremely beneficial to the other directors and to the Company, and their participation as directors is an important element in the overall effectiveness of the Board.

Chair

The Chair of the Board, Linda A. Southern-Heathcott, is not an independent director under NI 52-110. The Company's business approach, strategies, practices and culture develop and evolve as a result of the leadership demonstrated by its Chair. All meetings of the Board are conducted in a manner which provides all directors, whether they are classified under NI 52-110 as independent or not, with an opportunity to contribute in an open and candid manner.

Gender diversity

AKITA believes that an effective functioning board is critical to the success of the Company, and that the Board must have the flexibility to adopt director election and composition practices that suit its unique needs and circumstances.

AKITA seeks the most qualified persons, regardless of gender or other characteristics unrelated to expertise and performance, when seeking new directors. Accordingly, the Company has not adopted a written policy specifically addressing the identification and nomination of women directors in order to achieve gender diversity. Due to the composition of its nine member Board, which includes four female Board members (44% female Board composition) the Board does not consider it necessary to implement a gender diversity policy. Such policies, while well intended, may create arbitrary and technical impediments to the selection of the most qualified persons. AKITA's approach enables it to make decisions regarding the composition of its Board and senior management team based on what is in the best interests of the Company and its shareholders. Should a gender diversity policy be considered appropriate for the Company in the future due to changes in Board composition, such policy could include objectives for achieving and maintaining such gender diversity. Currently, the Company has not set any formal targets or objectives for achieving gender diversity at either the Board or executive level. At the date of this Management Information Circular, the Company does not have any female senior executives on its six member executive team. However, the Company will consider all relevant factors including the level of representation of women in executive officer positions when making future executive officer appointments.

Director term limits

AKITA attributes high value to relevant industry experience, continuity and a solid track record of service in its directors. AKITA has found that having long-standing directors on its Board does not negatively affect board effectiveness, but instead contributes to boardroom dynamics that have resulted in a consistently high performing board. Accordingly, the Company has not adopted term limits for directors. GOCOM's mandate includes responsibility for board renewal mechanisms such as board and director evaluations as well as identifying potential director candidates, and the Committee spends a considerable amount of time on such matters.

Concluding commentary on director independence, gender bias and term limits

Although the Board considers independence and gender as factors in assessing the qualification of potential candidates, the Board's primary objective is to ensure that the Company's directors are the most qualified candidates available and are selected on the basis of their overall qualifications and ability to contribute to the effective governance of the Company. All of the Company's directors make a valuable contribution to the Board, the Company and its shareholders, including the minority shareholders, and the directors are at all times mindful of the interests of the minority shareholders.

The Board also makes evaluations of its own effectiveness as well as the effectiveness of individual Board members to ensure that it can most effectively achieve its mandate and provide optimal benefit for the Company's shareholders.

Summary of director attendance

The Board met five times in 2015. The Board generally meets five times a year and additionally during the year as the need arises. The frequency and length of meetings and the nature of agenda items depend upon the circumstances. Meetings are generally lengthy, detailed, well attended and conducted in an atmosphere which encourages participation and independent thinking. The Board conducts annual strategy sessions with senior management where the Board reviews and assesses the performance of the Company, reviews business plans, sets short and long-term objectives for the Company and discusses and implements strategies to meet these objectives.

The following table sets out the attendance of the Board of Directors at Board meetings and at Committee meetings during 2015. The Chair of the Board is also a member of the Pension Committee and additionally attends various meetings of other Committees at her discretion. The President and Chief Executive Officer is a member of the Pension Committee and also attends other Committee meetings as required. Other directors may attend meetings of Committees of which they are not members at the request of the respective Committee Chairman.

¹ Mr. Eastly will be retiring from the Board effective May 10, 2016.

² Mr. Southern passed away on January 21, 2016.

All directors are expected to attend meetings of the Board and the Committees on which they serve. Attendance of directors at meetings of the Board and Committees is not strictly indicative of the contribution made by each director and absence from a meeting may have resulted from a variety of extenuating circumstances including family bereavement or health issues. The Company is supportive and understanding of such circumstances. When a director's attendance is deemed to be unsatisfactory however, interviews are conducted by the Chair and a clear understanding of the Company's expectations for attendance is formally communicated to ensure significant improvement and optimal attendance in subsequent reporting periods.

Serving on other public company boards

The Company considers outside directorships as a factor in the evaluation of potential director nominees. The previously reported biographies for each director nominee include details regarding directorships for other reporting issuers. The Chair of the Board and GOCOM recognize the time and diligence that directors devote to their duties and responsibilities and do not feel that directors' board memberships for other reporting issuers impair their commitments or contributions to AKITA's Board.

Board and Committee mandates

The Board has three Committees: the Audit Committee, GOCOM and the Pension Committee. The Board annually appoints Committee members. Mandates for the Board and each Committee are reviewed annually by GOCOM and approved by the Board.

The mandates of the Board and its Committees include working plans that allocate duties, which allow the Board and Committees to plan and monitor the fulfillment of their respective mandates throughout the year. The Board mandate, attached to this Management Information Circular as Schedule A, outlines the roles and responsibilities of the Board. Schedule B provides reports on the activities of each Committee.

Position descriptions

The Board has developed a written position description for the Chair of the Board, as well as for the chair of each Committee. The Board has also developed a written position description for the President and Chief Executive Officer.

The Board of Directors and its Committees

1. The Board is responsible for authorizing and approving the Company's annual business plans, material contracts, strategic transactions, financings and major capital expenditures.
2. The Audit Committee oversees the accounting and financial reporting processes of the Company. Each Committee member is financially literate within the meaning of the term as defined in NI 52-110. Loraine M. Charlton, Arthur C. Eastly, Harish K. Mohan and Henry G. Wilmot are independent within the meaning of NI 52-110, and although Dale R. Richardson is not considered independent within the meaning of NI 52-110, she is eligible to rely on the controlled company exemption provided at Section 3.3 of NI 52-110. Arthur C. Eastly will be stepping down from the Audit Committee on May 10, 2016 in conjunction with his retirement from the Board.

Information about the Audit Committee required pursuant to NI 52-110 is disclosed on pages 17 to 18 of the Company's Annual Information Form, and a copy of the Audit Committee mandate is attached as Appendix "A" to the Company's Annual Information Form which has been filed on SEDAR at www.sedar.com.

3. GOCOM is responsible for the oversight of the Company's corporate governance. Loraine M. Charlton, Arthur C. Eastly, and Charles W. Wilson are considered independent directors within the meaning of National Instrument 58-101 - Disclosure of Corporate Governance Practices ("NI 58-101"). Although Dale R. Richardson is not considered independent within the meaning of NI 58-101, the Board is of the view that her categorization as a non-independent director does not encumber the ability of GOCOM to make decisions that would be comparable to a committee made up entirely of independent directors. In addition to appraising individual and combined directors' performances, Committee members are responsible for succession planning, assessing compensation and performance of senior executive officers and identifying and recommending potential director candidates to the Board.

Charles W. Wilson has been the Chair of GOCOM since 2006. In addition to his experience serving as the Chair of GOCOM for the Company, Mr. Wilson is the Chair of Corporate Governance - Nomination, Compensation and Succession committees for ATCO Ltd. (member since 2006) and Canadian Utilities Limited (member since 2008) and was formerly the CEO of Shell Canada Limited. Mr. Wilson was also a member of the Big Rock Brewery Income Trust Corporate Governance Committee from 2006 until its conversion into a public company in 2011. In his positions on the governance committees of these companies, Mr. Wilson has gained significant experience to enable him to effectively chair GOCOM. Mr. Wilson has been a director of the Company since 2002 and has significant experience dealing with all matters of the Company's overall business as well as significant experience regarding the capabilities and performance of the members of the Company's executive to add meaningful input to the deliberations of GOCOM, particularly as they relate to compensation. Dale R. Richardson is a founding member of GOCOM and has significant experience dealing with all matters of the Company's overall business as well as significant experience regarding the capabilities and performance of the members of the Company's executive to add meaningful input to the deliberations of GOCOM, particularly as they relate to compensation. Arthur C. Eastly has been a member of GOCOM since 2010 and has been a member of the Board since 2006. In addition, Mr. Eastly has been CEO of a large corporation. Mr. Eastly is familiar with all matters of the Company's overall business and has sufficient experience regarding the capabilities and performance of the members of the Company's executive to add meaningful input to the deliberations of GOCOM, particularly as they relate to compensation. Loraine M. Charlton has been a member of GOCOM since 2011 and has been a member of the Board since 2006. In addition, Ms. Charlton has received her certification from the Directors Education Program at the Institute of Corporate Directors. Ms. Charlton is familiar with all matters of the Company's overall business and has sufficient experience regarding the capabilities and performance of the members of the Company's executive to add meaningful input to the deliberations of GOCOM, particularly as they relate to compensation. Arthur C. Eastly will be stepping down from GOCOM on May 10, 2016 in conjunction with his retirement from the Board.

4. The Pension Committee's principal purpose is to oversee the effective stewardship of the Company's Defined Contribution Pension Plan which is available to all employees of the Company upon meeting eligibility through term of service. Arthur C. Eastly will be stepping down as Chair of the Pension Committee on May 10, 2016 in conjunction with his retirement from the Board.

The Board annually appoints Committee members to the Audit Committee, GOCOM, and the Pension Committee. The following table lists the members of each Committee as of March 3, 2016:

Director	Audit	GOCOM	Pension ¹
Loraine M. Charlton	Chair	√	
Arthur C. Eastly ²	√	√	Chair
Linda A. Southern-Heathcott			√
Harish K. Mohan	√		√
Dale R. Richardson	√	√	
Karl A. Ruud			√
Henry G. Wilmot	√		
Charles W. Wilson		Chair	

¹The Pension Committee also includes two non-director members from AKITA's management.

²Mr. Eastly will be retiring from the Board on May 10, 2016.

All Committee Chairs provide regular reports to the Board. Copies of the Committee mandates are available on the Company's website at www.akita-drilling.com.

Continuing education and development

All directors are provided with a director's manual, which includes a copy of all Board and Committee mandates and policies and the Company's by-laws, and are introduced to senior management and the other directors. Newly elected directors participate in an orientation and education program during which they are briefed about all aspects of the Company's operations by senior management.

Comprehensive information packages are distributed to all directors in advance of meetings of the Board and Committees and prior to strategic planning sessions, and presentations are made at each meeting of the Board by management of new developments which may affect the Company and its business.

In addition to education that is specific to the operations of the Company, directors attend and participate in seminars and other continuing education programs as deemed necessary. Loraine M. Charlton and Linda A. Southern-Heathcott have attained the professional ICD.D designation from the Institute of Corporate Directors.

Assessment

The Board, its Committees and its individual directors are assessed at least annually. This function is facilitated by GOCOM. Board and Committee performance evaluation questionnaires are distributed to each director and Committee member. The questionnaires provide the directors with the opportunity to examine their effectiveness and identify areas for improvement. The questionnaires address director skills and experience, preparation, attendance and availability at meetings, communication and interaction, business, company and industry knowledge and provide an overall effectiveness assessment. The responses are conveyed to GOCOM. Each Board member receives a full report of the tabulated results of the Board questionnaire. Each Committee member receives a complete report of the tabulated results on each Committee questionnaire for each Committee on which they sit. Directors are encouraged to comment broadly so the effectiveness of the Board and each Committee can continually improve.

The Chairman of GOCOM meets with the Chair of the Board to discuss the performance of directors and other issues relating to Board, Committee and director performance.

Director selection

GOCOM, in conjunction with recommendations made by the Chair of the Board, is responsible for identifying and recommending potential candidates for the Board. GOCOM annually reviews the size and composition of the Board and makes recommendations to the Board when it believes that a change in size would be in the best interests of the Company, and reviews the overall profile of the Board to ensure that it includes members with a reasonable diversity of experience, backgrounds and skills who collectively possess the competencies identified by GOCOM as being critical to the effectiveness of the Board as a whole. GOCOM also reviews each Committee of the Board and its mandate, making appropriate recommendations as required.

The mandate of GOCOM includes responsibility for governance issues including: size, composition and effectiveness of the Board, Committee structure and mandate, Chief Executive Officer succession planning, and making recommendations to the Board with respect to the nominees to the Board. Nominee recommendations are based on GOCOM's objective assessment of the Board's needs with respect to skill, expertise, experience, gender, background and attitude.

Code of Business Conduct

The Company has a written Code of Business Conduct (the "Code") that governs the Board, its officers and employees. A copy of the Code may be found on the Company's SEDAR profile at www.sedar.com. The Board monitors compliance with the Code by requiring each director, officer and employee to annually sign a certificate confirming his or her compliance with the Code. To the knowledge of the Board, there have been no departures from the Code that would necessitate the filing of a material change report.

The Board is of the view that a culture of strong corporate governance and ethical business conduct must be endorsed by the Board and the Company's executive officers and employees. The Code addresses many areas of business conduct and provides a procedure for employees to raise concerns or questions regarding the conduct of the Company's directors, officers and employees.

The Code and the Company's By-laws set out the framework for dealing with conflict of interest situations. The Code and the Company's By-laws provide that directors have a fiduciary interest in promoting and preserving the interests of the Company's shareholders and the best interests of the Company. In any situation that involves, or may reasonably be expected to involve, a conflict between a director's personal interests and the interests of the Company or in any other case in which a director may otherwise be in a conflict of interest, such director is required to disclose the nature and extent of such director's interest at the time and in the manner provided by the *Business Corporations Act* (Alberta) (the "ABCA"). In such cases, the director or directors shall be requested to leave the meeting and may not vote on any resolution to approve any action by the Company where a conflict exists except as provided by the ABCA.

AKITA did not file any material change reports in 2015 relating to a director's or executive officer's departure from the Code. Further, no waivers of the Code have ever been granted to any AKITA director, officer or other employee.

The Company has a hotline in place that employees can use to express concerns about inappropriate business conduct. Concerns can be reported confidentially and anonymously online or by phone. Non-employees may also submit complaints online, by phone or by mail to any member of the Audit Committee.

Disclosure Policy

AKITA is committed to providing accurate, timely information and fair disclosure of corporate information to the public. The Company must comply with all laws and regulations and ensure that communications to the public are disseminated according to applicable legal and regulatory requirements. The Company's Disclosure Policy applies to all AKITA directors, officers and employees, including those authorized to communicate to the public on the Company's behalf. It covers written and oral communications provided to the investing public, including:

- Written financial and non-financial documents;
- Annual reports;
- Interim reports;
- News releases;
- Letters to shareowners;
- Presentations and speeches by senior management;
- Corporate web site and other communications;
- Documents filed with securities regulators and the Toronto Stock Exchange;
- Oral statements made with financial analysts and the public;
- Interviews with the media; and
- News conferences.

This Disclosure Policy takes into consideration securities law governing corporate disclosure, confidentiality and employee trading.

Additional disclosure relating to directors

As of March 3, 2016, based upon information provided by the nominees for election to the Board of Directors, in the last 10 years no nominee has been a director or executive officer of any company that became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

DIRECTOR COMPENSATION

GOCOM is responsible for assessing the compensation of the directors of the Company annually using information from other corporations and published data, and from time to time retains independent compensation consultants to undertake market comparisons and provide advice on developing appropriate compensation programs. GOCOM's approach when setting director compensation is to align the directors' interests with the interests of the Company's shareholders and to fairly and competitively compensate directors in order to attract and retain skilled and dedicated Board members. Director compensation is reviewed to determine whether such compensation is appropriate for the responsibilities, time commitment and risks assumed by the directors.

Fees and retainers

Effective November 16, 2015, in light of the weak economic conditions that the Company operates in, the Board of Directors reduced remuneration paid to directors. The following table sets forth the annual retainers and attendance fees paid to members of the Board in 2015. The retainers for Chair, Committee chairs and members are paid in addition to the annual director retainer and supplemental fee of \$32,500 (formerly \$35,000).

¹ During 2015, each non-employee director received a supplemental fee totalling \$10,000 of which \$7,000 was used to purchase Class A Non-Voting Shares and \$3,000 was remitted on behalf of income taxes.

Directors are reimbursed for travel and other expenses incurred for attendance at Board and Committee meetings. Directors who are full-time salaried AKITA employees receive no remuneration for serving as a director.

The following table summarizes the total compensation that was paid to each non-employee director for the year ended December 31, 2015. Karl A. Ruud did not receive compensation as a director of AKITA as he is the President and Chief Executive Officer. His compensation is shown on page 47 of this Management Information Circular.

¹ Equity at risk is shown as at March 3, 2016, and is the market value determined by reference to the closing price of Class A Non-Voting shares (\$6.89) and Class B Common Shares (\$10.69) on the Toronto Stock Exchange as well as to option strike prices at the dates such options were granted.

² Mr. Eastly will be retiring from the Board effective May 10th, 2016.

³ As at March 3, 2016, the Estate of Mr. Southern owned 32,019 Class A Non-Voting Shares and 2,000 Class B Common Shares and is the controlling shareholder of Sentgraf Enterprises Ltd. which owns 4,474,258 Class A Non-Voting Shares and 1,426,790 Class B Common Shares. Mrs. Margaret Southern, Ms. Nancy Southern and Ms. Linda Southern-Heathcott are the three executors of the Estate of Mr. Southern. All actions of the Estate of Mr. Southern regarding the shares held by it require the approval of a majority of executors.

Directors are eligible to receive grants of options and share appreciation rights under the Company's long-term incentive plans. During 2015, there were no grants of stock options to non-employee directors. Further, during 2015 and to date in 2016, there were no outstanding share appreciation rights. The value vested during the year on incentive plan awards to non-employee directors is included in a table on page 34 of this document.

The following table lists all outstanding options held by the non-employee directors at December 31, 2015. Karl A. Ruud, President and Chief Executive Officer and a director of the Company, is excluded from the following table since information regarding his compensation has been included in the Named Executive Officer ("NEO") table contained on page 47 of this Management Information Circular.

¹The value of unexercised "in-the-money" options has been determined by subtracting the exercise price of the options from the closing price of the Class A Non-Voting Shares on December 31, 2015 of \$6.79, as reported by the Toronto Stock Exchange, and multiplying by the number of Class A Non-Voting Shares that may be acquired upon the exercise of the options.

² Mr. Eastly will be retiring from the Board effective May 10, 2016.

The following table discloses the value vested during the year on incentive plan awards. The table provides the aggregate dollar value that would have been realized if options for Class A Non-Voting Shares had been exercised on the vesting date. There are no share appreciation rights issued by the Company.

COMPENSATION DISCUSSION & ANALYSIS

Compensation Governance

GOCOM reviews and determines the overall compensation program for all officers of the Company, including base salary, short-term incentives and long-term incentives. GOCOM's approach when setting executive compensation is to align the executives' interests with the interests of the Company's shareholders and to fairly and competitively compensate executives in order to attract and retain skilled and dedicated executives. While GOCOM is responsible for recommending executive compensation to the Board, the Board reserves the right to exercise discretion to reduce or increase executive compensation based upon specific circumstances. The Board exercised such discretion in 2015 with respect to short-term incentives for each of the NEOs.

Committee Process

GOCOM recognizes the importance of maintaining sound governance practices for the administration of executive total rewards programs. To ensure GOCOM has the ability to effectively perform its responsibilities, the following procedures have been established:

- In camera sessions are held at each meeting to address executive compensation items;
- A compensation tally sheet is reviewed for all executives that includes a three-year history of base pay changes, incentive plan payments, discretionary payments, perquisites, share plan ownership and grants and pension and other benefits;
- The granting of stock options, share appreciation rights and deferred share units generally is considered annually during concurrent deliberation of Total Direct Compensation ("TDC"), which is defined as base pay plus target bonus plus the expected value of long-term incentives;
- Management is directed to provide the initial analysis and commentary on its behalf on a range of compensation matters;
- This material is reviewed along with other information received from external advisors in its deliberations before considering and/or rendering decisions; and
- GOCOM has full discretion to adopt management recommendations or to alter them and consult its own external advisors.

Independent advice

GOCOM reviews reports prepared by independent compensation consultants to undertake market competitive compensation analysis of executive positions, to provide information on current market practices and to provide advice in structuring or restructuring executive compensation programs. GOCOM can also seek independent legal advice on securities law, matters related to executive compensation or any other governance related issue.

Executive compensation advisory surveys and related fees

GOCOM annually reviews market comparisons and provides advice on developing appropriate compensation programs, based on information from other corporations in the Canadian drilling and oilfield services industry utilizing the "*Petroleum Services Association of Canada Salary Survey*" (herein called the "PSAC Survey").

The Company has been using the PSAC Survey since the inception of the Company. This is the only service provided to the Company by the Petroleum Services Association of Canada. The cost for this survey in 2015 was \$2,295 (2014 - \$2,295).

GOCOM decision-making criteria

GOCOM reviews and approves each individual executive's TDC annually. Several factors are considered in totality, together with any other considerations determined to be relevant, in making compensation recommendations. These factors include:

- Market data that shows how the executive is paid in relation to the market (50th percentile) for base salary, short-term incentives and long-term incentives;
- Individual performance measures that indicate the executive's demonstrated delivery of results and alignment to the values and direction of the Company, and the ability to mentor other high-potential employees; and
- Company performance against a range of financial, operational, leadership and long-term sustainable growth targets.

Philosophy, objectives and principles

The Company's compensation philosophy is to provide "competitive pay for competitive performance". This philosophy is designed to closely align the interests of executives and shareholders and to support the continued success of the Company. GOCOM approves compensation principles and objectives designed to ensure the achievement of this approach.

The objectives of the Company's executive compensation plan are as follows:

- Attract and retain talented executives in a competitive business environment; and
- Compensate executives in a way that creates sustained shareholder value by:
 - Ensuring all executives have an "at risk" component of total compensation that reflects their ability to influence business outcomes and financial performance;
 - Linking short-term incentives to prudent company performance and paying the "at-risk" component of compensation only in the event that prescribed targets or objectives are met or exceeded;
 - Aligning the performance of the executive to the strategic plan of the Company; and
 - Linking long-term incentives to sustainable profitable growth.

The Company's compensation principles are as follows:

- Establish TDC, pension benefits and perquisites at the median of the relevant comparator markets;
- Provide a significant portion of TDC based on company and individual performance which is to be paid only in the event that prescribed targets are met or exceeded;
- Utilize relevant peer companies from industry that may be of similar size and scope of operations or for which the data is adjusted to reflect the appropriate size and scope through linear regression analysis. Comparator company data is obtained from the PSAC Survey; and
- Test the total potential payment to ensure it is not a significant portion of the Company's earnings.

The comparator groups used for market competitiveness are as follows:

Industry	Oil and gas services
Locations	Alberta
Relevance	Companies are selected based on their comparability to the Company's operations. Consideration is given to size using revenue, number of employees and market capitalization.
2015 PSAC Survey participant companies	AKITA Drilling Ltd. Ensign Drilling Partnership Nabors Drilling Canada Limited Patterson-UTI Drilling Canada Limited Precision Drilling Corporation Trinidad Drilling Ltd. Plus 56 additional Canadian oilfield services companies that do not have drilling operations

Managing risk

GOCOM considered the extent to which annual performance metrics, as opposed to multi-year targets, could potentially incentivize inappropriate or unnecessary risk-taking or short-term decision making. GOCOM concluded that the absence of multi-year performance objectives did not lead to the assumption of undue risk in 2015 relative to the Company's intended overall risk profile. The ability for short-term decisions to drive excessive compensation is limited because the performance awards are subject to "caps" (maximum amounts of compensation) that can be received in the event the Company's performance exceeds established performance targets. Such caps on performance-related compensation minimize any incentive to enter into large transactions with excessive risk for the purpose of attempting to generate substantial short term gains.

GOCOM also considered whether the awarding of long-term compensation could potentially encourage inappropriate or excessive risk taking. As part of its consideration, GOCOM recognized the Board's practice of evaluating and approving each aspect of long term strategic decisions on a variety of metrics including its anticipated long and short term rewards with consideration given to the corresponding levels of associated risks. Therefore, GOCOM concluded that such Board oversight and approval over the Company's long term strategic decisions was a practice that minimized the risk of long-term compensation driving excessive or unnecessary risk taking in 2015. When the aforementioned requisite Board approval of long term strategic decisions is coupled with the oversight of the Company's Risk Management Committee, which is tasked with identifying, assessing and mitigating risks material to the Company, and reports directly to the Audit Committee, three of whose members are also members of GOCOM, GOCOM concluded that adequate safeguards are in place to minimize the risk of excessive risk taking to achieve long term compensation targets. GOCOM also considered the use of five year vesting periods for options issued to management as a risk mitigating strategy.

Executive Compensation Program Elements

Base salary

The base pay program provides a fixed level of income based on the market value of the position. All executive roles are matched to similar positions in the comparator group. Base salaries are generally targeted near the median (50th percentile); however, salaries up to the 75th percentile are provided to reward sustained individual performance which is above the expectations of the role. GOCOM may make adjustments in an individual's salary during the year based on changes in the executive's responsibilities.

Short-term incentive plan

The Company typically has officers' bonus plans pursuant to which annual bonuses of generally up to 100% of salary are payable for a financial year based on the net income of the Company achieved in such year. Due to unusually weak market conditions, this compensation program was suspended in 2015.

Long-term incentive plan

GOCOM, subject to Board approval, may designate directors, officers, employees and other persons providing services to the Company to be offered options to purchase Class A Non-Voting Shares of the Company at an exercise price equal to the weighted average trading price of the shares on the Toronto Stock Exchange for the five trading days immediately preceding the date of grant. Since the inception of the Company, there have been two stock option plans in place: an initial plan that extended from inception until May 14, 1998 when it was replaced by a plan approved by the shareholders. The vesting provisions and exercise period are determined at the date of grant. Determinations with respect to the grant of options and share appreciation rights (SARs) are influenced by the factors previously identified in the discussion of base salary determinations. A summary of activities under each of these plans up to the date of this Management Information Circular is contained in the accompanying table. All balances included have been adjusted to reflect the two-for-one stock split implemented on June 8, 2005 in accordance with the terms of the stock option plan.

	Initial Stock Option Plan (Jan 1, 1993 to May 14, 1998)	Current Stock Option Plan (May 14, 1998 to present)
Reserved	1,680,000	1,700,000
Granted	1,400,000	1,366,500
Exercised	(1,039,800)	(362,200)
Expired	-	(93,300)
Surrendered for a cash payment equal to the in-the-money amount	(360,200)	-
Cancelled	-	(229,000)
Outstanding as at March 3, 2016	-	682,000

The Company will not facilitate the surrender of options for a cash payment equal to the in-the-money amount unless shareholder approval is sought and obtained for an amendment to the stock option plan to provide for such a cashless exercise mechanism.

Stock options granted under the stock option plan terminate on the earlier of the date of expiration of the option period and 90 days from the date a participant ceases to hold the office of director, officer, employee or consultant or, in the case of death, permanent disability or normal retirement, the earlier of the date of expiration of the option period and twelve months after the date of death, permanent disability or normal retirement. Options are only assignable in the event of death or permanent disability, and in such circumstances only in accordance with the participant's will or applicable law.

Options available for future issuance as at December 31, 2015

	Stock Option Plan	Total
Number of Class A Non Voting Shares to be issued upon exercise of outstanding options	682,000	682,000
Weighted average exercise price of outstanding options	\$11.90	\$11.90
Number of Class A Non Voting Shares remaining for future issuance under equity compensation plans	333,500	333,500

Stock option hedging policy

Company policy prohibits the hedging of equity based compensation and other securities awarded to recipients.

Stock options issued during 2015

The following table lists all options that were granted to NEOs of the Company during 2015. During 2015 and to date, there were no outstanding share appreciation rights. Option pricing was determined using the binomial methodology. The option was valued at 25% at the time of the grant, based on a plan design with a ten year term and vesting over five years. This method and assumptions have been consistently applied.

Share Appreciation Rights and Deferred Share Units

In addition to stock options, share appreciation rights (SARs) may be granted to directors, officers and key employees of the Company. The vesting provisions and exercise period (which cannot exceed 10 years) are determined at the time of grant. The holder is entitled on exercise to receive a cash payment from the Company equal to any increase in the market price of the Class A Non-Voting Shares over the base value of the SARs exercised. The base value is equal to the closing price of the Class A Non-Voting Shares on the Toronto Stock Exchange on the day before the date of grant.

On November 12, 2013, the Board approved an executive Deferred Share Unit Plan (“DSU Plan”) whereby the Board or, if duly authorized by the Board, GOCOM may grant to eligible executives of the Company such number of Deferred Share Units (“DSUs”) as appropriate as a bonus in respect of services rendered to the Company. Unless otherwise specified at the time of grant, DSUs vest at the time of grant and are payable when the executive ceases to be an employee or a director of the Company. Recipients of DSUs are entitled to receive dividend equivalents based upon the payment of dividends to Class A Non-Voting shareholders. On April 1, 2015, 23,077 DSUs were issued to selected employees.

Unlike salary and bonuses, that are intended to compensate the Company’s executive for the day to day administration of the Company as well as the achievement of annual targets, the use of stock options, SARs and DSUs is intended to provide long-term incentives for the recipients to more closely align their interests with the interests of the shareholders. The recommendation of timing and amounts of each award is made based upon the circumstances at the time of such recommendation, but includes considerations regarding past performance, known and anticipated opportunities in the future and a desire to affect future performance for the Company.

Prior to the granting of stock options, SARs or DSUs, in addition to the performance of the executive, consideration is given to the number of awards currently outstanding, both in total and to any prospective individual for whom additional grants might be considered as well as the number of awards that are available to be issued under the stock option plan.

Value vested/earned during the year

The following table sets forth, for each NEO, the value vested or earned on all option-based awards, share-based awards and non-equity incentive plan compensation in 2015. Amounts presented below have been determined as of the effective date of vesting. No SARs have been issued by the Company.

¹ The value of unexercised "in-the-money" options has been determined by subtracting the exercise price of the options from the closing price of the Class A Non-Voting Shares on December 31, 2015 of \$6.79, as reported by the Toronto Stock Exchange, and multiplying by the number of Class A Non-Voting Shares that may be acquired upon the exercise of the options.

²The market or payout value of vested share-based awards that have not been paid out or distributed has been determined by taking the number of DSUs awarded plus accrued dividends and multiplying the result by the closing price of the Class A Non-Voting Shares on December 31, 2015 of \$6.79, as reported by the Toronto Stock Exchange.

Pension benefits

The Company has a defined contribution Pension Plan that covers substantially all of its employees as well as a group RRSP Plan that covers employees having five or more years of service. Under these plans, the Company makes a combined contribution, based on years of service, of up to 10% of regular earnings for eligible employees on a current basis. Karl A. Ruud, Murray J. Roth, Raymond T. Coleman, Fred O. Hensel and Colin A. Dease all participate in these plans. Pension benefits and contributions granted under the defined contribution plan and group RRSP are subject to limits imposed by the *Income Tax Act* (Canada).

GOCOM, subject to Board approval, may approve supplemental benefits to directors, officers, employees and other persons providing services to the Company. Karl A. Ruud and Murray J. Roth have pensions under a supplemental arrangement that will provide an unfunded and unregistered defined benefit to each of them based upon their respective ages at retirement. For Karl A. Ruud, the potential annual retirement benefit payable began at age 50 at \$10,000 and escalates to a maximum annual amount of \$185,000 at age 65, based upon a pre-determined formula. For Murray J. Roth, the potential annual retirement benefit payable began at age 50 at \$10,000 and escalates to a maximum annual amount of \$90,000 at age 65, based upon a pre-determined formula. Murray J. Roth has provided formal notice of his intention to retire at May 13, 2016. In accordance with an agreement made in 2015 by the Company and Murray J. Roth, he will be eligible for an annual retirement benefit of \$60,000 commencing in 2016.

Defined contribution plan table

The following table sets forth for each NEO all pension plans that provide for payments or benefits at, following, or in connection with retirement, excluding defined benefit plans. Annual payments made have been included under "All Other Compensation" of the Summary Compensation Table for NEOs.

1. The annual benefit payable to Karl A. Ruud is based on his age at termination or retirement as shown in the following table:

Age at termination or retirement	Annual benefit	Benefits payable
Under age 50	\$Nil	N/A
Age 50 – 54	\$10,000	50% of annual benefit payable from age 55 to age 65; 100% of annual benefit from age 65
Age 55 - 60	\$30,000 to \$40,000	50% of annual benefit payable immediately to age 65; 100% of annual benefit from age 65
Age 61 – 64	\$41,000 to \$119,000	100% of annual benefit payable immediately
Age 65 and over	\$185,000	100% of annual benefit payable immediately

The annual benefit payable to Murray J. Roth is based on his age at termination or retirement as shown in the following table:

Age at termination or retirement	Annual benefit	Benefits payable
Under age 50	\$Nil	N/A
Age 50 – 54	\$10,000	50% of annual benefit payable from age 55 to age 65; 100% of annual benefit from age 65
Age 55 - 60	\$30,000 to \$40,000	50% of annual benefit payable immediately to age 65; 100% of annual benefit from age 65
Age 61	\$60,000	100% of annual benefit payable immediately
Age 62 and over	N/A	100% of annual benefit payable immediately

- The annual benefit payable for Karl A. Ruud is the maximum amount payable under his respective supplemental arrangement.
- The annual benefit payable for Murray J. Roth reflects the benefits provided under an agreement made in 2015 (i.e. annual benefit of \$60,000 commencing in 2016).
- The accrued obligation is the reported value of the supplemental arrangements at December 31, 2014 and December 31, 2015 using actuarial assumptions and methods that are consistent with those used for calculating supplemental pension obligations as disclosed in the Company's 2014 and 2015 annual consolidated financial statements. As the assumptions

reflect the Company's best estimate of future events, the values shown in the above table may not be directly comparable to similar estimates of pension obligations that may be disclosed by other corporations.

5. In accordance with AKITA's accounting policies under IAS 19 (Rev. 2011) there is a service cost related to the supplemental benefits provided under agreements in place as of December 1, 1997 (1998 Benefits) and related to the additional benefits provided for Karl A. Ruud and Murray J. Roth under agreements made in 2011 (2011 Benefits) and to the additional benefits provided for Murray J. Roth under an agreement made in 2015 (2015 Benefits). For Murray J. Roth, the compensatory change in the accrued benefit obligation includes the impact of the change in annual benefits payable and the change in retirement age assumption.
6. The non-compensatory change in the accrued obligation includes the interest on the accrued obligation at the start of the year and changes in assumptions in the year.

SCHEDULE A – BOARD OF DIRECTORS MANDATE

The Board of Directors (the "Board") of AKITA Drilling Ltd. (the "Corporation") is responsible for the stewardship of the Corporation and for overseeing the conduct of the business of the Corporation and the activities of management, who are responsible for the day-to-day conduct of the business.

Composition and Operation

The Board operates by reserving certain powers to itself and delegating certain of its authorities to management. The Board retains responsibility for managing its own affairs, including selecting its chair, planning its composition and size, nominating candidates for election to the Board, determining independence of Board members, constituting Committees of the Board, determining director compensation, periodically discussing matters of interest separate from and independent of any influence from management, and assessing the effectiveness of the Board, Committees and directors in fulfilling their responsibilities. Subject to the articles and by-laws of the Corporation and the *Business Corporations Act* (Alberta), the Board may constitute, seek the advice of, and delegate powers, duties and responsibilities to, Committees of the Board.

Responsibilities

The Board's primary responsibilities are to enhance and preserve long-term shareholder value and to ensure that the Corporation meets its obligations on an on-going basis and operates in a reliable and prudent manner. In performing its duties, the Board should also consider the legitimate interests of other interested parties, such as employees, customers and communities, may have in the Corporation. In broad terms, the stewardship of the Corporation involves the Board in strategic planning, risk management and mitigation, senior management determination, communication planning, and internal control integrity. More specifically, the Board is responsible for:

- (a) satisfying itself as to the integrity of the Chief Executive Officer ("CEO") and other executive officers and that the CEO and other executive officers create a culture of integrity throughout the organization;
- (b) adopting a strategic planning process and approving, on at least an annual basis, a strategic plan for the Corporation which takes into account, among other things, the opportunities and risks of the business;
- (c) identifying the principal risks of the Corporation's business and ensuring the implementation of appropriate systems to manage these risks;
- (d) succession planning (including appointing and monitoring officers);
- (e) adopting a communication policy for the Corporation that includes measures for receiving feedback from interested parties;
- (f) the Corporation's internal control and management information systems;
- (g) developing the Corporation's approach to corporate governance, including developing a set of corporate governance principles and guidelines that are specifically applicable to the Corporation; and
- (h) on an individual basis, attending all Board meetings, reviewing meeting materials in advance of meetings, and complying with the other expectations and responsibilities of directors of the Corporation established by the Board.

Specific Duties

The Board's specific duties, obligations and responsibilities fall into the following categories:

1. *Legal Requirements*

- (a) The Board has oversight responsibility for the Corporation's satisfaction of its legal obligations and for properly preparing, approving and maintaining the Corporation's documents and records.
- (b) The Board has the statutory obligation to:
 - (i) supervise the management of the business and affairs of the Corporation;
 - (ii) act honestly and in good faith with a view to the best interests of the Corporation;
 - (iii) exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances; and
 - (iv) act in accordance with its obligations contained in the *Business Corporations Act* (Alberta) and the regulations thereunder, the Corporation's articles and by-laws, and other relevant legislation and regulations.
- (c) The Board has the statutory obligation to consider certain matters as a board of directors. The Board may not delegate to management or to a Committee of the Board the authority to:
 - (i) submit to the shareholders any question or matter requiring the approval of the shareholders;
 - (ii) fill a vacancy among the directors or in the office of auditor, or appoint additional Directors;
 - (iii) issue securities except in the manner and on the terms authorized by the Board;
 - (iv) declare dividends;
 - (v) purchase, redeem or otherwise acquire shares issued by the Corporation, except in the manner and on the terms authorized by the Board;
 - (vi) pay a commission to any person in consideration of the person purchasing or agreeing to purchase shares of the Corporation from the Corporation or from any other person, or procuring or agreeing to procure purchasers for shares of the Corporation;
 - (vii) approve any management proxy circular relating to a solicitation of proxies by or on behalf of the management of the Corporation;
 - (viii) approve any take-over bid circular or directors' circular;
 - (ix) approve any annual financial statements of the Corporation; or
 - (x) adopt, amend or repeal by-laws.

2. *Independence*

The Board is responsible for implementing appropriate structures and procedures to permit the Board to function independently of management.

3. *Strategic Planning*

The Board is responsible for ensuring that there are long-term goals and a strategic planning process in place for the Corporation and participating with management, at least annually, directly or through its Committees in approving the strategic plan by which the Corporation proposes to achieve its goals.

4. *Risk Management*

The Board is responsible for understanding the principal risks of the business in which the Corporation is engaged, achieving a proper balance between risks incurred and the potential return to shareholders, and confirming that there are systems in place that effectively monitor and manage those risks with a view to the long-term viability of the Corporation.

5. *Appointment, Training and Monitoring of Senior Management*

The Board is responsible for:

- (a) appointing the CEO of the Corporation, monitoring and assessing the CEO's performance, determining the CEO's compensation, and providing advice and counsel to the CEO in the execution of the CEO's duties;
- (b) approving the appointment and remuneration of all officers of the Corporation; and
- (c) confirming that adequate provision has been made for the training and development of management and for the orderly succession of management.

6. *Reporting and Communication*

The Board is responsible for:

- (a) verifying that the Corporation has in place policies and programs to enable the Corporation to communicate effectively with its shareholders, other interested parties and the public generally;
- (b) verifying that the financial performance of the Corporation is adequately reported to shareholders, other security holders and regulators on a timely and regular basis;
- (c) verifying that the Corporation's financial results are reported fairly and in accordance with generally accepted accounting principles;
- (d) verifying the timely reporting of any other developments that have a significant and material effect on the value of the Corporation; and
- (e) reporting annually to shareholders on the Board's stewardship of the affairs of the Corporation for the preceding year.

7. *Monitoring and Acting*

The Board is responsible for:

- (a) verifying that the Corporation operates at all times within applicable laws and regulations to the highest ethical and moral standards;
- (b) approving and monitoring compliance with the significant policies and procedures by which the Corporation is operated;
- (c) verifying that the Corporation sets appropriate environmental standards in its operations and is in compliance with environmental laws and legislation;
- (d) verifying that the Corporation has in place appropriate programs and policies for the health and safety of its employees in the workplace;
- (e) monitoring the Corporation's progress toward its goals and objectives and revising and altering its direction through management in response to changing circumstances;
- (f) taking action when the Corporation's performance falls short of its goals and objectives or when other special circumstances warrant;
- (g) verifying that the Corporation has implemented adequate disclosure controls and procedures and internal control and information systems;
- (h) ensuring that the Board receives from senior management on a timely basis the information and input required to enable the Board to effectively perform its duties;

- (i) adopting a written code of business conduct and ethics and monitoring compliance with the code; and
- (j) conducting and acting upon annual assessments and evaluations of the Board, Committees of the Board and individual directors.

8. *Other*

The Board may perform any other activities consistent with this mandate, the Corporation's articles and by-laws, and any other governing laws, as the Board deems necessary or appropriate.

9. *Review of Mandate*

On an annual basis, the Board shall review its objectives and responsibilities, and consider any changes to its Mandate, as the Board deems necessary or as recommended by the Corporate Governance, Nomination, Compensation and Succession Committee, prior to approving same.
